

OMAR ALEJANDRO HUITZIL CRUZ

Mexico City, México | +52 55 3882 8995 | huitzil.cruz.omaralejandro@gmail.com | GitHub: Huitzilino007 | LinkedIn: www.linkedin.com/in/omar-alejandro-huitzil-cruz-a014922a5

Education

Escuela Superior de Cómputo (ESCOM) - IPN | Ciudad de México

Bachelor of Science in Data Science (4th Semester) | Expected Graduation: August 2029

- Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, Database Systems, Leadership.

Centro de Estudios Científicos y Tecnológicos No. 9 "Juan de Dios Bátiz" - IPN

Programming Technician Degree (Software Development & Java/Python)

Experience & Projects

CastorWay – Parent-Guided EdTech Android App | **Backend & Full-Stack Developer**

- Developed an Android EdTech platform aligned with SDG 4 (Quality Education) to foster positive habits in children through parent-guided workflows.
- Engineered robust backend logic, REST APIs, and relational databases (PostgreSQL, MySQL) using Java Spring Boot; designed UI/UX mockups in Figma.
- *Stack: Java, Spring Boot, Android Studio, PostgreSQL, MySQL, Figma, Git/GitHub*

SAFIA – Educational Innovation Management Platform | **Backend Developer**

- Built a centralized web platform forUPIBI-IPN to streamline academic reporting and document workflow validation.
- Engineered Python (FastAPI/SQL) backend services, integrated AI (OpenAI API) for verification, and deployed on Linux VPS.
- *Stack: Python, FastAPI, SQL, OpenAI API, Linux VPS, Git/GitHub*

Hackathons & Competitions

- **HackMTY (Tec de Monterrey):** Developed "The Courier AI" routing agent under strict time constraints, applying rapid problem-solving and algorithms.
- **"Your Future Made in Austria" (Mobility & AI):** Collaborated in an international multidisciplinary team to architect and pitch an AI software prototype.

Technical Skills & Aspirations

Programming Languages: Java, Python, C++, SQL

Backend & Databases: Java Spring Boot, FastAPI, REST APIs, PostgreSQL, MySQL, Relational Database Design

Mobile, Cloud & Tools: Android Studio, Figma, Git/GitHub, Linux VPS, AWS Cloud (Preparing for AWS Cloud Practitioner)

Data & AI Foundations: NumPy, Pandas, Matplotlib, AI Model Integration (OpenAI API) | *Aspirations toward Machine Learning Engineering*

Languages

Spanish: Native | **English:** Intermediate-Advanced (B2 in progress, CENLEX IPN) | **German:** Basic
